## LANGUAGES & TECHNOLOGIES

**Languages:** Python, Java, JavaScript, TypeScript, HTML, CSS
**Frameworks & Libraries:** Next.js, React, Angular, Java Spring Boot, Tailwind CSS, shadcn/ui, Framer Motion
**Databases & Backend:** Firebase (Firestore, Authentication), MySQL
**Tools:** Git, GitHub, VS Code, IntelliJ IDEA

## WORK EXPERIENCE

**Soft Test Labs** **June 2025 – July 2025**
*Software Development Engineering Intern* | Pune

- Built 5+ RESTful APIs using Java Spring Boot to handle core business logic and data operations, enabling reliable backend services for client-facing features
- Developed 5+ end-to-end frontend pages in Angular, integrating them with Spring Boot APIs to deliver complete, production-ready user features
- Designed and managed relational database schemas and queries in MySQL to support multi-module application data requirements
- Participated in structured code reviews and team workflows, applying industry-standard software development best practices

## PROJECTS

**FocusFlow** — Full-Stack Productivity SaaS
*Next.js 16, React 19, TypeScript, Firebase (Firestore + Auth), Tailwind CSS v4, shadcn/ui, Framer Motion*

- Architected a real-time collaborative workspace with role-based permissions (Admin/Member), invitation workflows, and shared task boards synced live via Firebase Firestore
- Built a dynamic Kanban engine with drag-and-drop task management using @dnd-kit, supporting custom priority filtering across personal and team boards
- Developed integrated habit and focus tracking components — SVG progress rings and a configurable Pomodoro timer — with real-time analytics persisted to Firestore
- Implemented a secure authentication system using Firebase Auth including Google Sign-In and email verification redirect flows, handling the full user onboarding infrastructure
- Designed a custom UI system using Tailwind CSS v4 and Framer Motion with a persistent accent-color scheme and glassmorphism layouts for a premium product experience

## EDUCATION

**Walchand Institute of Technology** **Expected May 2027**
B.Tech in Information Technology | CGPA: **9.49 / 10**

## CERTIFICATIONS

- AWS Academy Graduate — Cloud Architecting
- Software Engineering Job Simulation — JPMorgan Chase & Co. (Forage)
